

The Charter for Change (C4C) is an initiative, led by both National and International NGOs, to practically implement changes to the way the Humanitarian System operates to enable more locally-led response.

The 2022 Annual Meeting will be a series of online events to take stock of progress and share good practices amongst Charter4Change signatories and endorsers in promoting localization efforts. The Annual Meeting will enable solutions-focused discussions to address the obstacles to localization in INGO-NNGO partnerships.

Specific Objectives of the Annual Meeting:

- To share emerging insights, progress, good practices and challenges in delivery of the 8 commitments
- To learn from country-level C4C networking, and encourage more country and regional-level collaboration to advance C4C and localization
- To deepen commitment and accountability of C4C signatories (global and country offices) and C4C endorsers
